

A. Vypočítej.

$$1 + 7 + 3 = \square$$

$$3 + 2 + 13 = \square$$

$$9 + 2 + 2 + 3 = \square$$

$$5 + 2 + 9 = \square$$

$$10 + 1 + 4 = \square$$

$$2 + 1 + 7 + 4 = \square$$

B. Doplň výpočet.

$$6 + \square + 2 = 12$$

$$3 + 2 + \square = 16$$

$$\square + 2 + 2 = 9$$

$$1 + 7 + 5 + \square = 20$$

$$\square + 1 + 9 = 19$$

$$2 + 2 + \square + 1 = 13$$
